WORK EXPERIENCE

03/02/2023 – CURRENT Attard, Malta

LANDSCAPE GARDENER MEDISUN LANDSCAPES

- Landscaper
- Plant care
- Give water
- Pruning
- Spraying
- Care of the environments

01/09/2022 – 13/01/2023 St. Julian's, Malta

MOVEON EUROPEAN PROJECT MEDISUN LANDSCAPES > THE WESTIN DRAGONARA RESORT

The Westin is a 5 star hotel. I take care of the gardening department of the hotel:

- lawn mowing and care,
- pruning hedges,
- warehouse opening and closing,
- give plants water in the rooms, restaurant inside and outside,
- care and pruning of trees/plants both outside and inside the hotel,
- maintenance in the various green areas.

14/07/2022 – 31/08/2022 In-Naxxar, Malta

MOVEON EUROPEAN PROJECT MEDITERRANEO MARINE PARK

The job was to take care of customers visiting the park:

- make/sell/print photos at "Photoshop",
- sale of objects, tickets at the entrance,
- put in the system and management of online reservations,
- audio management during presentations,
- enforce the rules inside the park,
- give indications to customers,
- opening of show areas at the indicated times,
- give wetsuits of the right size to swim customers,
- take care of the show areas.

04/01/2021 – 31/05/2022 Calatabiano(CT), Italy

AGRICULTURAL WORKER BELVEDERE PLANT'S

I returned to my good old occupation with the intent of learning all of the remaining activities. In this period I am dealing with:

- Irrigation system management.
- Management of the nursery (short periods).
- Work management through the use of Motopala.
- Delivery of plants to other companies in partnership.
- Realization of rain system.
- Export plants.

- Care of plants.
- General cleaning.
- Sowing.
- Fertilization.
- Repot.
- Spraying.

20/07/2020 – 02/11/2020 Attard, Malta

ERASMUS+ ELC - ENVIRONMENTAL LANDSCAPES CONSORTIUM

While working at Belvedere Plant's, I was granted another great opportunity, completely out of my plans, to return abroad thanks to Erasmus +. Here, too, I had the opportunity to put into practice everything that has been learned in school over time, including English. Entering the company you immediately realize its majesty: in the nursery you can find all kinds of species, especially ornamental ones. Inside the nursery there are everything you need: a repair warehouse with attached mechanic, semi-automated planting system (potting machine), very large offices, company machines, large quantities of work equipment, an office dedicated to the distribution of clothing, a dedicated corner specifically for a shredder, etc. The main activities I have done are:

- Preparation of cuttings.
- Planting cuttings.
- Care of greenery.
- Management of the Potting Machine.
- Preparation of plants for export.
- Sowing.
- Repot.
- Cleaning.

12/02/2020 – 17/07/2020 Calatabiano (CT), Italy

AGRICULTURAL WORKER BELVEDERE PLANT'S

I continued my work experience at a nursery specialized mainly in different species of Palms: Phoenix Canariensis, Chamaerops Humilis / Excelsa / Cerifera and also Laurus Nobilis. Here too I must consider myself very lucky because I quickly became an integral part of a family. As it should be, here too I learned a lot:

- Sowing.
- Repot.
- Fertilization.
- Spraying.
- Loading plants for export.
- Realization and repair of rain system.

14/07/2019 – 13/10/2019 Saragozza, Spain

ERASMUS+ HORTALS PARQUE DEL AGUA (HUERTOS ECOLOGICOS)

In these 3 months I was lucky enough to have been able to work abroad, in this small company in Zaragoza, thanks to Erasmus +. Here, also thanks to the Mundus association, I was able to learn the Spanish language. In the company, I found fantastic people who not only learned the work to be done, but helped me understand the true importance of the work. Basically, this company offers people the opportunity to grow their crops in pieces of land on "rent" monthly, thus obtaining vegetables at the highest level of genuineness at a truly ridiculous price; customers have everything they need at their disposal: soil, seedlings, water, all kinds of tools, (organic) fertilizers and even our assistance. In addition, the company has a vegetable garden dedicated to the sale of 0 Km vegetables, and also another piece of land cultivated for the sale of various fruit saplings for external sale. The main activities carried out during this unforgettable experience for me will be listed below:

- Customer assistance.
- Care of greenery.
- Irrigation of plants and lawn.
- Care of the farm garden.
- Sale of fruit plants.
- Internal cleaning.
- Preparation of land for new customers.
- Sale of vegetables at Km 0.
- Cleaning and care of common places.
- Waste management.

-Replace the new arrivals of seedlings on their shelves.

01/09/2016 – 01/06/2019 Giarre , Italy

SCHOOL-WORK ALTERNATION ISTITUTO PROFESSIONALE DI STATO PER L'AGRICOLTURA A. MAZZEI - AFFILIATED COMPANIES

-Nicosia (green pruning, dry pruning, harvest, etc.),
